**Annual Governance Statement**  
**31 March 2017**

**Scope of Responsibility**

Bradley Stoke Town Council is responsible for ensuring that its business is conducted in accordance with the law and proper standards, that public money is safeguarded and properly accounted for, and used economically, efficiently and effectively.

The Council also has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness.

In discharging this overall responsibility, the Council is responsible for putting in place proper arrangements for the governance of its affairs, facilitating the effective exercise of its functions, and which includes arrangements for the management of risk.

The Council has approved and adopted a code of corporate governance which is consistent with the principles of the CIPFA/SOLACE Framework Delivering Good Governance in Local Government. This statement explains how the Council has complied with the code and also meets the requirements of the Accounts and Audit (England) Regulations 2011 in relation to the publication of a statement on internal control.

**The purpose of the governance framework**

The governance framework comprises the systems and processes, and culture and values, by which the Council is directed and controlled and its activities through which it accounts to, engages with and leads the community. It enables the Council to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate, cost effective services.

The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives and can therefore only provide reasonable and not absolute assurance of effectiveness.

The system of internal control is based on an ongoing process designed to identify and prioritise the risks to achievement of the Council's policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.

The governance framework has been in place at Bradley Stoke Town Council for the year ended 31 March 2017 and up to the date of approval of the annual report and accounts.

**The governance framework**

The key elements of Bradley Stoke Town Council's systems and processes that comprise the governance arrangements are:-

- The Council identifies its visions as part of its programme setting process and communicates its intentions and intended outcomes to its citizens and service users via its web site, local news leaflet and press releases.
- The definition and documenting of the roles within the authority are as contained within the Council's standing orders and delegation scheme. The Council's disciplinary and grievance procedures cover the staff element and the Council Members are covered by the national code of conduct adopted by the Town Council.
- The Council procedures are updated when required to take account of changes in legislation and the changing needs of the authority. The Finance and Leisure Committee acts as the Committee for assuring adherence with financial matters and is the Committee responsible also in regard to matters of complying with all laws and regulations.
- The Council has an informal and formal complaints procedure for the public, including a formal whistle blowing procedure. The Council's grievance procedure would permit such matters to be dealt with properly.

**Bradley Stoke Town Council**

**Annual Governance Statement**

**31 March 2017**

- The Council has clear channels of communication with all sectors including public sessions during its meetings, surveys of users and local residents' needs and views and encourages the public to give to the Council their views upon all aspects of the Council services provided.
- The Council has agreed as a fundamental policy partnership working with other local authorities and organisations within the Town where benefit can be shown by such partnership working.

**Review of effectiveness**

Bradley Stoke Town Council has responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control. The review of effectiveness is informed by the control exercised by members and the work of the internal auditor and the executive managers within the Council, who have responsibility for the development and maintenance of the governance framework. It is further enhanced by reports and comments made by the external auditors and other review agencies and inspectors.

We continue to be advised on the implications of the result of the review of the governance framework by the Council, relevant committees, officers and the internal auditor, and plan to address weaknesses as they arise and thus ensure continuous improvement of the system is in place.

**Significant governance issues**

To date no significant governance issues have been identified. As such issues arise, effective steps will be taken to ensure that matters are addressed, weaknesses eradicated and revised arrangements implemented at the earliest possible opportunity.

**Approval of Statement**

This statement was approved at a meeting of the council held on 28th June 2017 when authority was given for the Chair and the Town Clerk to sign.

**Bradley Stoke Town Council**

**Statement of Responsibilities**

**31 March 2017**

**The Council's Responsibilities**

The council is required:

- to make arrangements for the proper administration of its financial affairs
- to secure that one of its officers (R.F.O.) has the responsibility for the administration of those affairs. At this council that officer is the Responsible Finance Officer, and
- to manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets.

**The Responsible Financial Officer's Responsibilities**

The R.F.O. is responsible for the preparation of the council's Unaudited Financial Statements in accordance with Part 4 of the Governance and Accountability for Local Councils – A Practitioners Guide (England) (as amended)" (the guide), so far as is applicable to this council, to present a true and fair view of the financial position of the council at 31 March 2017 and its income and expenditure for the year then ended.

In preparing the Unaudited Financial Statements, the R.F.O. has:

- selected suitable accounting policies and then applied them consistently
- made judgements and estimates that were reasonable and prudent, and
- complied with the guide.

The R.F.O. has also:

- kept proper accounting records, which were up to date, and
- taken reasonable steps for the prevention and detection of fraud and other irregularities.

**Responsible Financial Officer's Certificate**

I further certify that the Unaudited Financial Statements present a true and fair view of the financial position of Bradley Stoke Town Council at 31 March 2017, and its income and expenditure for the year ended 31 March 2017.

Signed: .....

Miss Rachel Pullen- Responsible Finance Officer

**Statement of Accounting Policies**  
**31 March 2017**

**Auditors**

The name and address of the External Auditors is provided for information only.

These Statements are not subject to audit and the External Auditors have no responsibility for them.

**Accounting Convention**

The accounts have been prepared in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008) (FRSSE) issued by the Accounting Standards Board, as applied to Local Councils by part 4 of Governance and Accountability for Local Councils – A Practitioners Guide (England) (the guide). Comparative figures have been restated to conform to the revised formats where appropriate. Certain requirements have been omitted for clarity and simplicity as these statements are not subject to audit. They are produced in support of the council's audited Statement of Accounts contained within the Annual Return Statement of Accounts.

These accounts have been prepared having regard to the fundamental accounting concepts of: Going Concern, Prudence, Accruals, Relevance, Consistency, Reliability, Comparability, Understandability and Materiality.

The accounts have been prepared under the historical cost convention.

**Fixed Assets**

All expenditure in excess of (on any one item or group of similar items) on the acquisition, creation or enhancement of fixed assets is capitalised on an accruals basis in the accounts. Expenditure on fixed assets is capitalised, provided that the fixed asset yields benefits to the authority and the services it provides, for a period of more than one year. Fixed assets are valued on the basis recommended by the Chartered Institute of Public Finance and Accountancy (CIPFA) and in accordance with the statements of asset valuation principles and guidance notes issued by the Royal Institution of Chartered Surveyors (RICS). The closing balances are stated on the following basis:

land and buildings are included in the balance sheet at Depreciated Replacement Cost (DRC). The DRC basis of valuation requires an estimate of the value of the land in its existing use, together with the current replacement cost of the building and its external works, from which appropriate deductions have been made to reflect the age, condition, economic, functional and environmental obsolescence and other locational factors which might result in the existing building being worth less than a new replacement building,

all other assets are included in the balance sheet at the lower of cost (estimated where not known) or estimated realisable value, except that,

certain community assets are the subject of restrictive covenants as to their use and /or future disposal. Such assets are therefore considered to have no appreciable realisable value and are included at nominal value only.

The surplus or deficit arising on periodic revaluations of fixed assets has been credited or debited to the Revaluation Reserve. Subsequent revaluations of fixed assets are planned at five yearly intervals, although material changes to asset valuations will be adjusted in the interim period, should they occur.

In accordance with Financial Reporting Standard (FRS) 15, depreciation is provided on all operational buildings (but not land), as well as other assets.

**Bradley Stoke Town Council**  
**Statement of Accounting Policies**  
**31 March 2017**

**Depreciation Policy**

Buildings and leasehold land are depreciated over the shorter of 50 years or the anticipated remaining useful lives on a straight line basis.

Freehold land is not depreciated.

Non Operational Assets (including Investment Properties) are not depreciated

Vehicles, plant, equipment and furniture are depreciated over 4 to 10 years on a straight line basis.

Play equipment is depreciated over 5 years at 20% per annum straight line.

Infrastructure assets are depreciated over 10 years at 10% per annum straight line.

Courts and pitches are depreciated over 20 years at 5% per annum straight line.

Community assets are not depreciated.

Depreciation is accounted for as a Balance Sheet movement only, not through the Income and Expenditure Account.

**Grants or Contributions from Government or Related Bodies**

**Capital Grants**

Where a fixed asset has been acquired or improved with the financing either wholly or in part by a grant or contribution from government or a related body, e.g. Sports Council, the amount of the grant has been credited to Deferred Grants Account and carried forward. Grants so credited are released back to revenue over the life of the asset to match, and thereby offset wholly or in part, depreciation charged.

**Revenue Grants**

Revenue grants are credited to income when conditions attached thereto have been fulfilled and/or equivalent expenditure has been incurred. Grants received in respect of which the conditions have not been fulfilled, or expenditure incurred, are carried forward as deferred revenue grants.

**Stocks and Work in Progress**

Stocks held for resale, where significant (generally in excess of £1,000), are valued at the lower of cost or net realisable value. Consumable stocks have been treated as an expense when purchased because their value was not material.

**Debtors and Creditors**

The revenue accounts of the council are maintained on an accruals basis in accordance with the regulations. That is sums due to or from the council during the year are included whether or not the cash has actually been received or paid in the year. Exceptions to this are payment of regular quarterly and other accounts (e.g. telephones, electricity). This policy is applied consistently each year. Therefore, it will not have a material effect on the year's accounts or on the council's annual budget.

The council reviews the level of its commercial debtors on a regular basis and provisions are made, as required, where the likelihood of amounts proving ultimately collectable is in doubt.

**Value Added Tax**

Income and Expenditure excludes any amounts related to VAT, as all VAT suffered/collected is recoverable from or payable to HM Revenue and Customs. Any amounts not so recoverable are treated as a separate expense.

**Bradley Stoke Town Council**  
**Statement of Accounting Policies**  
**31 March 2017**

**External Loan Repayments**

The council accounts for loans on an accruals basis. Details of the council's external borrowings are shown at note 17.

**Leases**

Rentals payable under operating leases are charged to revenue on an accruals basis. Details of the council's obligations under operating leases are shown at note 16.

**Reserves**

The council maintains certain reserves to meet general and specific future expenditure. The purpose of the council's reserves is explained in notes 19 to 20

Certain reserves are maintained to manage the accounting processes for tangible fixed assets, available for sale investments and retirement benefits. They do not represent usable resources for the council:

Capital Financing Account – represent the council's investment of resources in such assets already made.

**Interest Income**

All interest receipts are credited initially to general funds.

**Cost of Support Services**

The costs of management and administration have been apportioned to services on an appropriate and consistent basis.

**Pensions**

The pension costs that are charged against precept in the council's accounts, in respect of its employees, are equal to the contributions paid to the funded pension scheme for those employees.

These contributions are determined by the fund's actuary on a triennial basis and are set to meet 100% of the liabilities of the pension fund, in accordance with relevant government regulations.

The next actuarial valuation is due at 31st March 2019 and any change in contribution rates as a result of that valuation will take effect from 1st April 2020.

**Notes to the Accounts**

**31 March 2017**

**4 Agency Work**

During the year the Council undertook no agency work on behalf of other authorities.

During the year the Council commissioned no agency work to be performed by other authorities.

**5 Related Party Transactions**

The council entered into no material transactions with related parties during the year.

**6 General Power of Competence**

With effect from 20th November 2013 Bradley Stoke Town Council acquired the right to exercise the General Power of Competence extended to Town and Parish Councils under the Localism Act 2011 by S.I. 2012 No 965 (The Parish Councils (General Power of Competence) (Prescribed Conditions) Order 2012). Therefore, with effect from 20th November 2013 the council no longer exercises the powers conveyed by Section 137 of the Local Government Act 1972 (as amended).

### **Notes to the Accounts**

**31 March 2017**

#### **9 Pension Costs**

The council participates in the Avon Pension Fund. The Avon Pension Fund is a defined benefit scheme, but the council is unable to identify its share of the underlying assets and liabilities because all town and parish councils in the scheme pay a common contribution rate.

The cost to the council for the year ended 31 March 2017 was £49,010 (31 March 2016 - £43,193).

The most recent actuarial valuation was carried out as at 31st March 2016, and the council's contribution rate is confirmed as being 18.40% of employees' contributions with effect from 1st April 2017 (year ended 31 March 2017 – 17.30%).

Financial Reporting Standard 17 (FRS17): "Retirement Benefits" sets out accounting requirements for pension costs. For schemes such as Avon Pension Fund, paragraph 9(b) of FRS17 requires the council to account for pension costs on the basis of contributions actually payable to the scheme during the year.

At 31 March 2016	3,021,844	319,109	14,360	23,958	3,379,271

Although classified as capital expenditure, certain minor equipment purchases are not included in the above as they are not material in overall value.

#### **Fixed Asset Valuation**

The freehold and leasehold properties that comprise the council's properties have been valued as at 31st March 2008 by external independent valuers, Messrs the Valuation Agency. Valuations have been made on the basis set out in the Statement of Accounting Policies, except that not all properties were inspected. This was neither practical nor considered by the valuer to be necessary for the purpose of valuation. Plant and machinery that form fixtures to the building are included in the valuation of the building.
