25 May 2022

Dear Supporters

I am delighted to introduce Jack, a very cute and lively Black Labrador, born on the 27<sup>th</sup> March 2022. Jack is currently living with puppy socialiser Shirley in the West Midlands and has an exciting time ahead with lots to learn and experience before returning to Banbury at around the age of fourteen months to meet his trainer.

Jack is a special puppy as his mum, Vista, is one of the Charity's own brood bitches. We currently have 15 brood bitches that live in volunteers homes and are cared for according to the highest welfare and breeding standards. Each brood bitch will have a maximum of four litters before retiring. Once they've retired they will continue to live with their volunteer family.

With guidance and love from Shirley and her family, together with the technical support from our puppy and training teams, Jack will develop the skills he needs for his important future role of providing the gift of independence to someone. Of course, none of this would be possible without your help. I hope you will enjoy following his progress.

With my very best wishes.

Kate McCracken  
**Puppy Partner Co-ordinator**
