

Bradley Stoke Youth Work

Update: Covid-19 and local Youth Work sessions

Our current level of local youth work delivery is based on youth sector specific advice & guidance. The guidance has been developed by **The National Youth Agency (NYA)** in consultation with **Public Health England** & the **Health & Safety Executive** & is complimentary to other current **government guidance**.

That means, as an essential service, we can continue to develop & deliver youth activities in the following categories post 9th September changes:

.....Online and digital youth services.....1-2-1 indoor sessions with young people.....Detached local activities, including pre-planned outdoor activitiesIndoor group sessions in 'bubbles' of up to 15.

Please continue to stay safe, regularly wash/ sanitise your hands, maintain social distancing & wear a mask where required or appropriate: it will help reduce the spread of the Virus & save lives.

Contact our Youth Development & Participation Worker 07900 253826 or email graham@bradleystoke.gov.uk
